

# TECHNISEM

*The biggest, the most spicy and the most aromatic of Technisem's range*

## Hot pepper AVENIR F1

*Capsicum chinense L.*

This variety has been especially bred for export productions : it provides big fruits of good quality. F1 AVENIR, as every chinense, can be cultivated all year round but needs an important sunlight and high temperatures. Its development stops under 15 °C and its fruits setting is better between 25 °C and 35 °C.
