*The Best Galmi type ever !*

## Onion SAFARI

*Allium cepa L.*

SAFARI is a short day onion, Galmi type. Our breeding work offers to producers an excellent variety with homogeneous calibre, form and colour skin. In addition, with a very low flowering rate, it assures a very high quality bulbs production. Few days earlier than DAMANI, SAFARI also shows an excellent shelflife (subject to a full maturity harvest - 80% falling - and stored in a dry and ventilated place).

### BULBS

- Light Purple
- Forme aplatie et épaisse
- Medium Size
- Thin neck
- Strong taste

### MATURITY

- 100 to 105 after transplanting

### STORAGE

- Very good storage (6 months in a dry and ventilated place)
